Summary

I am a highly motivated web developer with 3 years of hands-on experience in creating robust and user-friendly web applications. My expertise lies in leveraging a range of technologies, including **React**, **JavaScript**, **Node.js**, **TypeScript**, **HTML**, **CSS**, **React-spring**, **Tailwind**, **and Git** to deliver exceptional digital experiences.

Experience

Frontend Engineer

02/2023 - present

Tenxrs

- Developed robust and user-friendly web applications using React, JavaScript, Node.js, TypeScript, HTML, and CSS.
- Utilized Node.js and Express.js to build secure REST APIs.
- Integrated Rest APIs for seamless data processing and transfer.
- Utilized React-spring and Tailwind for enhanced UI development.
- Implemented UI enhancements based on user feedback and requirements.
- Conducted front-end code reviews to ensure code quality and adherence to best practices.
- Resolved frontend-related bugs and issues in a timely manner to maintain application stability.

Frontend Developer

07/2021 - 02/2023

QodBrains

- Contributed to the development of web applications using React.js, JavaScript, HTML, and CSS.
- Contributed to the development of web applications using React.js, JavaScript, HTML, and CSS.
- Utilized React Redux for state management in front-end projects.
- Created dynamic user interfaces with React-Spring for enhanced user experience.
- Actively participated in Agile development sprints to deliver features on schedule.
- Conducted frontend testing to ensure application reliability.

- Collaborated with UI/UX designers to translate design mockups into interactive web experiences.
- Assisted in the optimization of front-end performance to enhance overall application speed.

Education

Hudson Ntsanwisi Secondary

Matric 2017.

Self-Taught FreeCodeCamp Frontend Development. present participant

Skills

React.js • JavaScript • Node.js • TypeScript • HTML5 • CSS • Rest API's

• React Redux • Tailwind • React-Spring • Git
